INTERIOR CHURCH IN ENGLAND.—The Phila-

delphia Bulletin says it may surprise no one

if news should be telegraphed that the Pal-

merston Ministry in England had fallen. It

has already had some narrow escapes in the

House of Commons, and it is scarcely to be

expected that it can stand much longer, with

an opposition daily growing stronger and more

audacious. In a nutshell, the difficulty is

that Lord Palmerston, or rather the Ministry

of which he is the head, has been brought

into a position of weakness by the Polish, the

Danish, and the American troubles. En-

gland has thus been made to take no part

in important national questions, in each of

which her course was looked to as an exam-

ple for other powers. The French Govern-

ment was sure to join in any active inter-

vention that Great Britain might undertake. But

the Ministry thought peace was preferable

to the leadership of a great war, and so

obstinately refused to initiate an intervention

in any of the wars of the continent. The

Government of Great Britain has thus been

driven into a position of weakness by the

Polish, the Danish, and the American troubles.

THE FUTURE.—It is natural that even those

**ON** the last proscenium, city subscribers to the Journal will be charged \$12 per annum. To Dealers—On and after the first of April we will charge three cents per copy for the Journal. Necessity obliges us to make this advance. Should there be any deduction in the price of labor or paper, we will reduce.

**Three or four boys**, who have come from the vicinity of the prison, have been employed by applying immediately at this office.

**Correct Proceedings.**—The Board of the old Council met in final session last night. The bonds of the newly-elected policemen were approved; also, the bond of George Stanley, City Engineer. The proposition to let the Board of Aldermen, and to J. F. Brown, the regular President, for the first and many more cases pursued by them in the past, were referred to the committee. Both Boards adjourned sine die.

**A rumor** was current on the street yesterday that Gen. Forrest had moved up the Cumberland river with his force, and made an attack on Fort Donelson. We do not give credence to the rumor, but must admit that Fort Donelson is an inviting point for attack at this particular time. The garrison is small, and the fort is in a very exposed position. The capture of the fort might cost the rebels a precious delay of time, and a loss of treasure in blood; and, there being no city to plunder, banks to rob, or ships to capture, it might well be argued that the capture of the fort would be a great success. But we must not forget that the capture of the fort would be a great success. But we must not forget that the capture of the fort would be a great success. But we must not forget that the capture of the fort would be a great success.

**His Honor of Toon.**—A correspondent of the New York Herald declares the present high prices of every article of consumption as food are the palpable result of speculation and hoarding, and that flour, which is selling there at \$10, only brings \$7 to \$8 in Liverpool, after paying for freight. For this reason, it would be well to have a law passed that would resist these inordinate high prices, and would have to fall. Beef cattle are worth here from \$15 to \$20 a pound; and some speculators recently killed a lot for higher prices, but could not obtain them. Cattle are asking \$20 a pound for choice pieces of beef, and that charge is a flagrant imposition. During the corresponding season in the year 1861, prices of cattle were from \$10 to \$12, and the butchers sold it from \$10 to \$12 in the market. It is ridiculous to say that inflation of currency and revenue taxes demand any such increase as is now charged. Consumers suffer imposition without complaint, and if any butcher would slaughter good cattle and ask an honest living price, he could obtain it. It is ridiculous to say that it will be necessary for us to resolve not to buy at all from those who are taking advantage of the times to charge exorbitant rates for the necessities of life.

**BARRACKS NEWS.**—The recruits at the barracks yesterday were two hundred and sixty-eight, and were taken from the following regiments: 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th,
